## Truly Affordable EDI Transactions Complete Value-Added Network Communications and Support

### How Affordable Is Your VAN Service?

When it comes to your network communications, you want to make sure you're getting reliable and secure service at a great price.

But what do you have to commit to in order to use the network? Are you locked into particular integration software? Are you quoted bundled pricing that makes it impossible to figure out what you're really paying for each transaction? Or maybe you just aren't sure if you're really getting a good deal.

### It's time to take a look at EDI MyWay.

With 15 cent transactions—some plans as low as 6 cents—and the freedom to use any EDI software you choose, we believe the EDI MyWay VAN offers you an unbeatable value.

### No Additional Cost for Support

The EDI MyWay VAN includes support services for every aspect of your VAN communications, at no additional charge.

 Receive 1,000 transactions FREE with an annual mailbox subscription. Call for details!
